## RULES FOR USING THE CERTIFICATE

Fulfilment of the requirements of Government Regulation 21/2003 Coll. (Directive 89/686/EHS) was derived from the fulfilment of the requirements of the standard applied, as specified on page one of the Certificate. The amendment to any of the normative documents listed, especially the amendment to or issue of new standards, may change the circumstances upon which the Certificate was issued. In this case, the usability of the Certificate must be reviewed.

The Certificate may only be used as a certificate for the product specified on the previous page. This also holds true for the use in advertising, promotional and commercial materials. Unauthorised or deceitful use of the Certificate may be sanctioned.

It is forbidden to change, amend or overwrite the data contained in the Certificate.

The Certificate may not be used for documenting the properties of products changed without the consent of the Engineering Test Institute in such a way that conformity with the standard and technical regulations applied is affected.

The Certification Body requires that the Certificate holder keeps records of all complaints and corrective actions applicable to the products included under this Certificate.
